Introducing Trussell

Our vision is for a UK without the need for food banks or put another way, we exist so everyone can be free from hunger.

We're an anti-poverty charity and community of food banks. We work together to ensure no one in the UK needs a food bank to survive, while providing food and practical support to people left without enough money to live on.

Our mission

We exist so that everyone in the UK can be free from hunger. We work together to ensure no one needs a food bank to survive. Until that happens, we will continue to stand alongside people facing hardship, providing emergency food and practical support to people left without enough money to live on.

Our values

Our values underpin everything we do. Hunger and poverty are not inevitable, and we all have a responsibility to take action.

Compassion

This motivates us to stand alongside people facing hardship and provide support and care for individuals.

Justice

This drives us to insist that it is not right that somebody should experience hunger or poverty, and take action to change this.

Community

As people, we are all interconnected, and because of this we have a responsibility to support one another.

Dignity

We recognise the value of every individual, prioritising other people's needs and concerns in the spirit of friendship.

Ending hunger together

Last year, our community of food banks distributed 3.1 million emergency food parcels – the most ever in a single year.

People need food banks when they don't have enough money to afford the basics forcing impossible decisions like whether to heat their home or put food on the table, or whether to go without toiletries like shampoo, toilet roll or tampons.

Hunger in the UK isn't about food – it's about income.

We need urgent action on hunger in the UK. People are being pushed to the brink because they don't have enough money to live on. This can't go on. We refuse to stand by while so many of us can't afford to eat, keep warm and pay the bills.

How will we end the need for food banks?

Food banks are a vital lifeline for so many people facing hardship, but in a just and compassionate society, no one should need one.

Not so long ago, food banks were not needed to the extent they are today. Our social security system was created 80 years ago to protect people from hunger and hardship, and for decades after, people were a lot less likely to need a charity's help for the essentials. So we know things can be better.

We know what's pushing people to food banks and we know the building blocks needed to end hunger for good.
