

Can you help children in **Cambridge** this summer?

Last summer, Cambridge City Foodbank gave out over:

40,000 meals

to households with children in our city.

This **summer holidays**, higher food costs and lost hours of work mean some parents will skip meals so that their children can eat.

You can help change that.

Together, we can help to ensure that

**no child faces
hunger this
summer**

**Ready to
help?**

Turn over to
find out how.

Your gift can help feed local children during the summer holidays, and lift families out of the crisis they are facing.

£25

could provide 3 days of emergency food for a household struggling to afford the essentials.

£40

could provide nutritious food, household essentials, and a month of expert support for a local family.

£100

could fund advice services that unlock around £1,000 for a family - every £1 we spend on advice unlocks roughly £10 of unclaimed support.

Families need support all year round. If you can give monthly - even a small amount - you help us plan ahead and respond when need spikes.

UK taxpayer? Gift Aid adds 25%, at no cost to you.
