

WHAT IS A TRIBUTE PAGE?

A Tribute Page is a dedicated page celebrating the life and memory of your loved one. It is a permanent memorial where, you, family and friends can remember your loved one and share many memories and photos to celebrate their life.

Your online Tribute Page is free to create and is there for as long as you want it to be. Whether for the first few months, year or beyond after your loved one's death. It can be shared with friends and family all over the world and is a place for you all to come together to remember your loved one, celebrate birthdays and anniversaries and just remember.

WHAT WILL YOU BE ABLE TO DO?

- Your Tribute Page can be used to invite family and friends to share memories of your loved ones. These could be photos, memories or stories and some of them you may have never seen or heard before.
- Keep your own private diary about your bereavement and create your own playlist with full audio controls.
- You will have full control over public or private access of the page. Make it public so that it can be seen by anyone or just allow family and friends access to share in the memory of your loved one.
- Your page can be used to share details of your loved ones funeral, keeping all the details in in one place.
- Light a virtual candle for your loved on, on important and special dates and anniversaries. Your or your friends and family will be able to access this and even light a candle if they want to remember and reflect.
- Donate and raise vital funds for the Trussell Trust and helping us create a UK without the need for food banks.
